PREMIER CARE — 5 LANDING PAGES COPY

INSTRUCTIONS : Web team

Don't put these five pages into the main website navigation.

They can exist as dedicated acquisition pages:

Main website:
premiercare.lk

Campaign landing pages:
premiercare.lk/child-development/
premiercare.lk/physical-health/
premiercare.lk/mental-wellbeing/
premiercare.lk/integrative-health/
premiercare.lk/nutrition/

That gives a dedicated pages for advertising while keeping the main site navigation clean.

Create five SEO-friendly landing pages as subdirectories under the main Premier Care domain, not as subdomains. Use a consistent landing-page template across all five pages, with each page focused on one patient need/disciplines and a dedicated consultation enquiry form and a learn more button directing to the main site / relevent section if possible. Enquiry form formats are after the landing page copy. WHEN the form gets mailed make sure it goes to this rmo01pcic@gmail.com

LANDING PAGE 01 — CHILD DEVELOPMENT

HERO

Helping Children Develop, Communicate & Thrive

Every child develops differently. If you have concerns about your child's speech, communication, behaviour, learning or development, the right professional support can help.

At Premier Care, multiple disciplines come together to understand your child's needs and provide personalised care.

Is Your Child Experiencing Developmental Challenges?

You may be looking for support if your child is experiencing:

- Speech or language difficulties
- Communication challenges
- Delays in developmental milestones
- Behavioural or emotional difficulties
- Challenges affecting school or everyday activities

Every child is different. Understanding the need is the first step.
